Municipal solid waste project inaugurated

Jindal ITF Ecopolis's Ferozpur cluster's municipal solid waste (MSW) project was inaugurated by Sukhbir Singh Badal, Deputy CM, and Kharbanda, Additional Commissioner. The project will be implemented under public private partnership between Punjab and Jindal ITF Ecopolis and aims to address the issue of waste disposal and management. The estimated cost of the project in Jalalabad is approximately Rs 30 crore. **Indresh Batra, Vice Chairman Jindal ITF and MD Jindal SAW** said, "The project envisages the establishment and operation of an integrated waste management system serving Jalalabad and its cluster ULBs. We hope to generate employment for over 500 people directly and indirectly through this project."

Speaking on the occasion **Sukhbir Singh Badal, Deputy CM**, said, "We are confident that Punjab's futuristic vision to address issues of MSW management will improve the quality of life for its residents. Our objective has always been to safeguard the environment and public health. Therefore this project plays a vital role for not only disposing waste properly but also for generating electricity."
